### **Integrated Management Concepts and Intra Management Solutions Partner to Deliver CloudEVM Software and Earned Value Management Services**

*Integrated Management Concepts' DecisionEdge CloudEVM and the expertise from Intra Management Solutions will help companies through their project management, services and support.*

**THOUSAND OAKS, Calif., May 24, 2016** – Integrated Management Concepts (IMC), the premier cloud-based provider of Earned Value Management software, today announced a strategic partnership with Intra Management Solutions (IMS), a consulting firm with Earned Value Management expertise. Together these companies will provide and implement DecisionEdge CloudEVM and Earned Value Management Systems across multiple industries including aerospace and defense, construction and healthcare.

“Our Earned Value Management (EVM) expertise and industry-leading CloudEVM create an ideal solution for companies running Earned Value Management Systems,” said Mark Tillema, president and CEO of Integrated Management Concepts. “Our partnership will provide a cost-effective, cloud-based solution where CloudEVM can be used for customers seeking a single source of data, which will enable customization of dashboards, reports and analytics.”

The IMS best of class team will bring EVM to customers in a cloud computing environment. This will enable their EVM software and processes to become faster, more agile, and enable data integration to be reduced from days to minutes. By leveraging the cloud, customers will benefit by saving resources, time, and money.

“With cloud computing and software as a service being the cutting edge of technology, we believe CloudEVM is the pathfinder solution for EVM and ERP integration. It will enable customers to achieve an integrated solution across their enterprise while streamlining their processes for maximum efficiencies,” said Matt Wojciechowski, founder, president and CEO of Intra Management Solutions.
